1

What is the Work Programme?

The Government is committed to breaking the cycle of benefit dependency. As a result they have made significant reforms to the welfare-to-work programmes currently available to Jobcentre Plus customers and have created the Work Programme.

2

How can we help?

We can help by providing you with work ready job applicants and by providing on-going support throughout the whole programme for these individuals to enable them to remain in work and become effective and productive employees.
